

### Value for money

We're not the cheapest copywriting service in Nottingham - but we're not the most expensive either! It all depends what you're looking for.

If you want:

- **competitive rates**
- **personal and professional service**
- **fast turnaround times**, and
- **well-crafted copy that gets results**

then we believe we can add genuine value to your business. Why not take a look at our [testimonials](#) page to read what some of our clients think about us and the services we offer?

### Your quotation

When you ask us to write for you, we'll give you a free, no obligation quote for the work. This will be based on how long we think it'll take us to do the job. Your quote will also include extra time for up to two sets of amendments to the copy. We'll send you the quote in writing, usually by email, and ask you to sign, date and return the quote form to confirm your acceptance. We'll also send you a copy of our Terms of Business, which are referred to in the quote form. The Terms are there to protect you as well as us, in the unlikely event of a problem or dispute with your job.

### How we price our work

We price most of our work by the hour. However, for larger projects (7 hours or more), we may be able to offer you a day rate which saves you money on our standard hourly rate. Please [contact us](#) if you'd like more information about pricing.

If you ask us to write for you on a regular, ongoing basis (e.g. researching and writing monthly [news articles](#) for your website), we may be able to offer you a discount on our standard hourly rate. Please [contact us](#) to discuss your project.

### **One Stop Shop pricing**

If you ask us to source quotes for a third party service, such as printing or graphic design, we'll present these at the supplier's own price with no mark-up. You can then choose to liaise directly with the supplier(s) or, for a small admin fee, Black & Write will liaise with them on your behalf. Quotes for [One Stop Shop](#) services will always be split out from quotes for our main services on your quote form, or presented on a separate document.

### **Contact us today**

Please [contact us](#) today to discuss your copywriting requirements and request a quote.
